

# Annual Report of Tonopah Jim Butler

The annual report of the Jim Butler Tonopah Mining company covering the period of fifteen months from October 1, 1917, to December 31, 1918, has been issued from the Philadelphia office. This shows net profits of \$275,000.35. The total investment of the Jim Butler in the quarter interest of the Belmont Shawmut Mining company is \$98,062.27 and the Belmont Wagner company, \$235,000. Operations on the Tonopah property are covered by the report of the superintendent from which extracts are taken.

Annual report of the general superintendent for a period of 15 months from October 1, 1917, to December 31, 1918, shows the net earnings from Tonopah operations (\$275,000.35) fell below those of the previous year by \$187,150.64, this having been due to decreased ore production, which was less by 624 tons than the ore production of the previous year. From 24,400 dry tons produced by the mines, the net realization was \$288,955.20; from lease agreements, under which the West End Consolidated Mining company worked Jim Butler ground, \$8,292.16 was realized from a lease on old dumps to the Tonopah Mining company, \$297.83 was returned, and the operations by the Jim Butler company on the Tonopah Mining company during the first few months of the period, showed a net loss of \$1,748.04.

The total production of the property by company operation was 32,750 wet tons of crude ore, from which there was culled out as waste 384 wet tons (11.42 per cent), the resultant tonnage shipped, aggregating 28,572 wet tons containing 4.27 per cent moisture, or 27,252 net dry tons. The average metallic content of this production was 249 ozs. gold and 21,977 ozs. silver per ton, as compared with the 210 ozs. gold and 264 ozs. silver of the previous period. The total metallic content of the ore mined was 6,798,435 ozs. gold and 600,806.02 ozs. silver, less than the similar figures for the preceding year by 4,818,518 ozs. gold

## Canadian Privates Return Well Fixed

(By Associated Press.) WINNIPEG, Man., April 10.—Canadian privates are returning from Europe with considerable money, while many officers are reaching their homes practically penniless, according to provincial officials.

Most of the soldiers had approximately \$500 to their credit when they left England, only a portion of the amount being given to them before embarkation. The privates spent most of their leisure at recreation camps where little money is needed. Officers, on the other hand, followed their inclination to "live" and with British and American officers.

Thousands of Canadian privates will return with far more money than they possessed when they enlisted, one officer said.

Edward North, former student and athlete of the University is dead in San Francisco. He was operated upon for wounds which he received in France and did not recover.

At the university where he was nicknamed "Tough Guy" North, he took a very prominent part in student affairs belonging to the class of '17. He was a member of the football squad and at one time yell leader.

## AMUSEMENTS

MARGUERITE CLARK  
AT THE BUTLER

If you were a very lonely young man and all of a sudden, out of a clear sky a beautiful young lady fell into your arms, how would it feel at the blackest moment of your life to fall into the strong arms of a brave man? This you will see at the Butler today in the Paramount picture, "Out of a Clear Sky," with little Marguerite Clark, the sweetest girl in motion pictures, in the leading role. The picture has comedy, it has drama and a patriotic flavor. It is entertaining from the first scene to the last. All the elements of good picture production are found in it, and it is sure to please. There are some great storm effects and the scenery is beautiful, and there are so many little human touches that it seems it must live with spectators more than the time they spend watching the story's progress. Marguerite Clark is cast in a becoming role and handles it with her usual skill. Added to the program, a Paramount-Bray comedy.

Tomorrow, Bert Lytell in "No Man's Land," and a two-reel Mack Sennett comedy, both good.

## SHORTHORNS SENT INTO BELGIUM

(By Associated Press.)

LONDON, April 11.—Six hundred shorthorn cattle of the very best breed have been presented by the Royal Agricultural Society of Great Britain to the people of Belgium, and 200 of them have already reached farms in the vicinity of Brussels. The remainder will follow in a few weeks.

The cattle, which are valued at \$200,000, will be supplemented in the future with additional gifts, after which more cattle are to be sent to Serbia and France to take the places of the livestock killed or carried away by the German invaders. Money for the gifts is being collected in all the English cattle-raising counties, and leaders of the movement expect the fund to reach \$1,250,000 within the next few months.
